

Street Pastors report for Saturday 05/10/19

Street pastors on patrol were J.MCK (Team Leader), L.C., P.B.,L.B.

Weather was wet and windy, activity very quiet.

After time of prayer we hit the streets going down as far as Heritage Bar which was very quiet, returning up the High Street speaking to a few doormen on the way. They were all saying it was a quiet night. Speaking to Danny who was asking if S.A. was for sale as he was looking to buy it. We told it was nothing to do with S.P.

Spoke to a young woman who was asking if we were the people who give out money for food or bus fares. She wanted money for bus fare to get her to her friend's house. We couldn't help her as we had no money with us. We then went to the rail way station where we spoke to a young man who had found a phone charger; he asked us to hand it into the police station.

We went for our break after which we spoke to a young man who had no place to sleep tonight, we gave him phone number of emergency housing but they told him to go to St Brycedale in the morning and they would give him something to eat .

As it was very quiet and weather not too good we decided to call it a night at 2.30.
