Saturday 23rd March 2019

Street Pastors L.C., P.B, O.G., S.A., J.McK Team Leader

Weather dry but chilly.

After a time of prayer we went heading down the High Street, as far as the harbour. On the way back along the High Street we met up with one of our regular "supporters" who again encouraged SP by saying what a great job we did and that he would see us later.

At one of the east end pubs we spoke to a lady and engaged in general conversation, following which we headed to the west end where we spoke to one of the door stewards outside a night club who was moaning about everything. We also spoke to another doorman at the same place and SP was asking him if he was still going down to England but he said he hadn't made his mind up.

After that we headed up High street to our usual place then up to the station where we spoke to a man and woman who asked for a light. The woman was then telling us that she was working the next day. The man was being sarcastic to her saying that was her problem.

We then spoke to two young men from Markinch, one of whom enquired what was it that S P did, he then said that it was a good job that we do and that he knew a Rail Pastor from Levenmouth.

On our way back to the Salvation Army hall we spoke to the doormen at the night club en route who were saying that it was the quietest night they have had this year.

We then went for our break.

After this we headed to a different night club. On our way we conversed with a further door steward who was also saying that it was one of the quietest nights this year. When we got down to our intended destination, there was a fight. A man lifted a flower pot and took a swing at his assailant. He then dropped it and ran away with 4 guys chasing him. A while later the 4 guys came back. We went to see if we could find the other man but he was nowhere to be seen.

We helped a young lady who was sick. She phoned her friend to come for her but while on the phone she dropped it. SP picked it up and spoke to her friend but she couldn't hear SP so she phoned back and asked who SP was. When an explanation was given she asked where her friends were. They arrived 2 minutes later. Her boyfriend wasn't keen on taking her in his car in case she was sick. He wanted to put her in a taxi. After SP spoke to him he took her home with a sick bag.

SP did a bit of first aid on a young woman who fell and grazed her knees, she put a couple of plasters on her.

As it was quiet and getting quite cold we decided to call it a night.

Please pray over all the incidents recorded and for the blessing of a peaceful evening for SP.

Thank you.
