

Dear Member,

In a time when church halls are closed and Sunday worship has been cancelled, one of the big issues for any congregation, is now finance.

Understandably we have limited income which is from our members who donate by Standing Order. Our most popular income stream is from Free Will Offering but this in the main, is from our attending members at Sunday morning worship.

We need every member, where possible, to maintain their generosity as if we were open for worship but we also acknowledge that this is also a difficult time as some people's income have been greatly affected by what is happening, and may even have to reduce their contribution to the church.

If you are able to assist can you please think about adopting some of these options:

- Making a one-off donation
- Set up a Standing Order with your Bank, considering the change from Free Will Offering. This will assist us by receiving a set amount each month, helping with our cash flow.

HOW TO GIVE BY STANDING ORDER
